

Does LVW do anything else besides practice and perform?

That's a great question! Every summer, LVW members and support staff have fun with any variety of activities. Those free time activities include such things as visiting tourist destinations, amusement parks, shopping, and much more! In fact, it is these other activities that students and adults remember as being the centerpiece of their summer.

LVW members can really relax and make the most of their time together. This is also what brings back many of our members from one year to the next - all those "other things" that our band does to complete their amazing summer.

Our students and adults come from many different schools and many backgrounds. But the LVW experience brings all these people together - students and adults alike - into one big Christian family! LVW members will make friendships that last a lifetime, and memories that will last forever!

"It has not been only repping sets and playing music all day long each week - we played games, went swimming, hiked sand dunes, explored the Cherry Festival, and best of all, we all bonded and made new friends who share a love for God. I learned so much this season from being part of this band, and I could not think of a better way to spend my summer. Mixing in marching band along with an opportunity to grow in my faith ensures that there is no place I would want to be. No matter how crazy the day was, as a band, we would take time to thank and praise our Heavenly Father for all the blessings of the day and week." Angelica Ramsey, Mosinee High School
